## IN UNION LIES STRENGTH

The strength of our GROUP derives from the strength of the men and women who work in ARNEG production units and sales offices around the world.

YOUR GLOBAL PARTNER FOR RETAIL SOLUTIONS

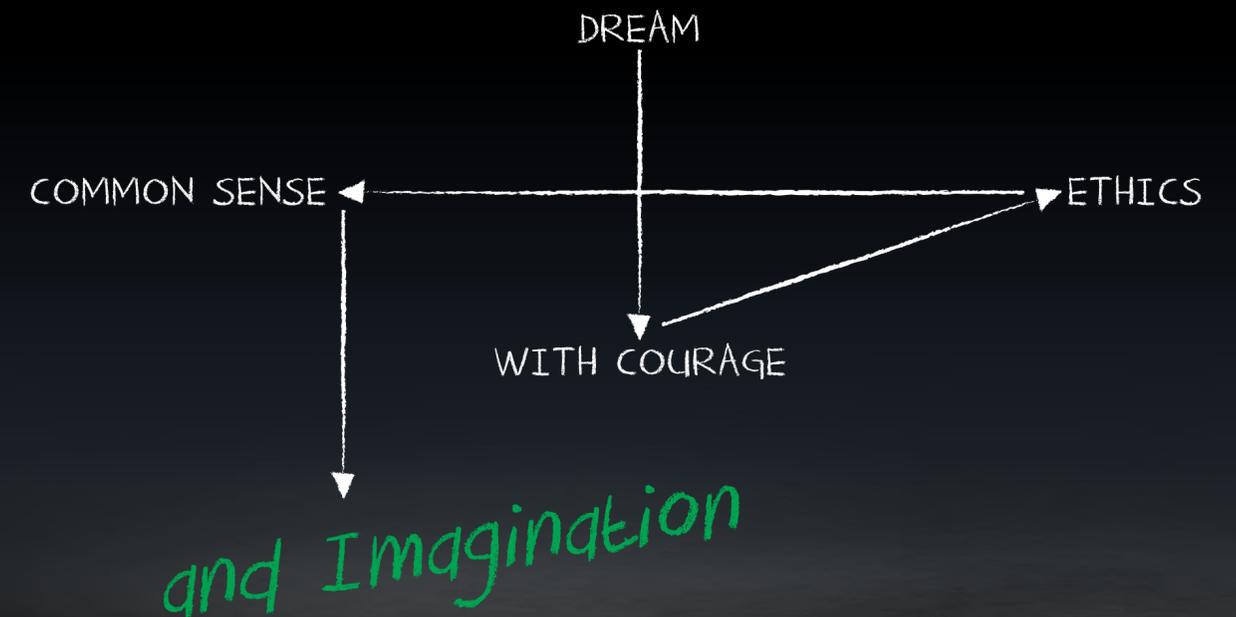

YOUR GLOBAL PARTNER FOR RETAIL SOLUTIONS

“NOTHING IS FIXED AND UNCHANGING,  
EVERYTHING CAN BE DONE DIFFERENTLY,  
IMPROVED, RE-INVENTED”

You just need to dream. To dream with imagination, innovation, and a desire to create something new. You also need the courage to take the risk to make your dreams come true, even those that seem impossible. And you need ethics and respect for nature and people if you are to improve the quality of life continuously. Finally, you need common sense to bring all this together and to create a better future.

This is the corporate philosophy of Arneg.

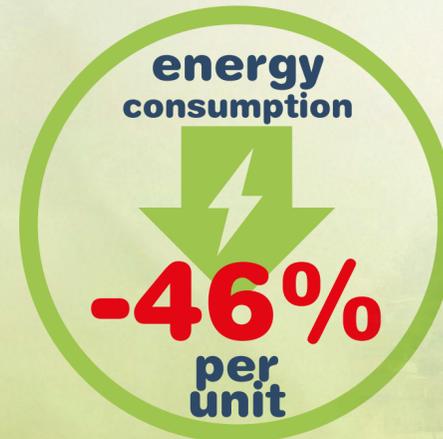

YOUR GLOBAL PARTNER FOR RETAIL SOLUTIONS

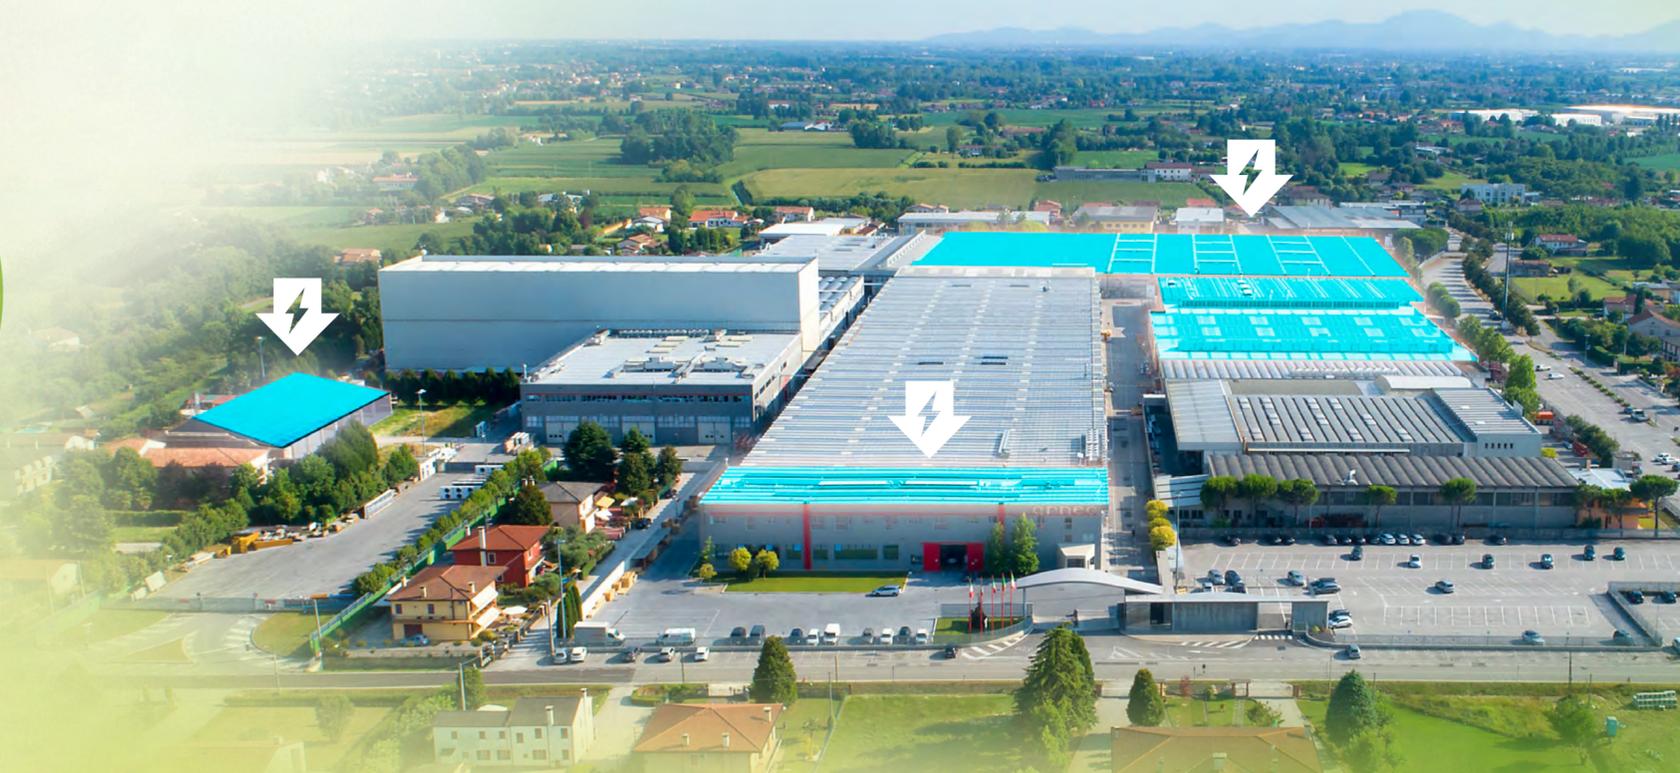

## OUR IDEA OF SUSTAINABILITY

**Arneg believes in a circular economy** and, in keeping with corporate values, is committed to making the world more sustainable every day minimising the impact of its activities on the environment.
